

It shows up as a glass suspension from the sinuous shaped that develop like to remember a "decanter", which oxygenates the light creating precious chromatic shades. Unique dimension available is Ø30 cm, H.17 cm inside which the bright Led source is contained. The new metallic finishes allow to glimpse the inside spindle only when it spreads the light, otherwise the effect of the glass is total reflection.

DESCRIPTION

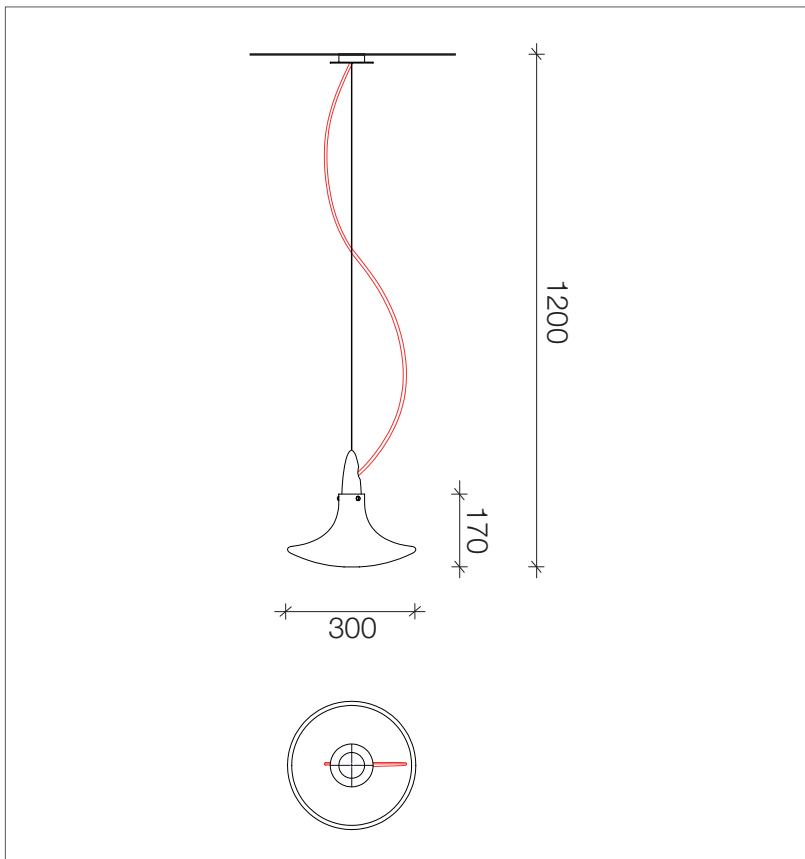

Suspension lamp with direct and indirect light.
Glass diffusor.
